

### CONSULTANCY

#### Section 1. Product Identification

Trade name:	TRITC Lysine dextran
Chemical name:	Tetramethylrhodamine isothiocyanate 2,6-Diaminohexanoic acid dextran
Catalogue no.	TLD5, TLD10, TLD70, TLD500
CAS no.	N/A
Mol. Formula:	N/A
Manufacturer:	TdB Consultancy AB, Virdings Allé 22, 754 50 Uppsala, SWEDEN Tel: +46 18 7001204

#### Section 2. Composition/Information on ingredients

Chemical family:	Carbohydrate polymer
Appearance/odour:	Pink powder, no distinctive odour
Melting point:	Decomposes on heating
Solubility:	Soluble in water
Molecular weight:	Approx. 5000 to 500000 Dalton

#### Section 3. Hazards Identification

Routes of entry	Effects of occupational over exposure
Inhalation:	No information on the toxicity after inhalation. Most dust will produce irritation, inflammation or toxic symptoms on prolonged inhalation.
Eye contact:	No information available on eye exposure.
Skin contact:	Dermal absorption not known but presumably nil.
Ingestion:	No information available.

#### Section 4. First-aid Procedures

Inhalation:	Remove exposed person to fresh air. Get medical attention.
Eyes:	Wash thoroughly with water for 15 minutes. Get medical attention.
Skin:	Wash off with soap and water.
Ingestion:	Rinse mouth with water and give water to drink. No treatment required if only small amount.

#### Section 5. Fire-fighting Measures

Extinguishing media:	Carbon dioxide, dry chemicals or water
Special fire-fighting procedures:	Use media appropriate for primary cause of fire.

#### Section 6. Accidental Release Measures

Action in event of spill:	Collect material taking precautions to minimize dust. Use wet mop. Place collected material in suitable container for disposal. Flush area with water and drain into sewer. Floor may become slippery.
---------------------------	--

#### Section 7. Handling and storage

Precautions to be taken when handling:	Protect from dust. Use approved face-mask and protective clothes. Wear safety glasses. In case of severe and repeated exposure follow recommendations of local safety officer. Store in tight dark container.
--	---

#### Section 8. Exposure Controls/Personal Protection

Exposure limit:	Not established
Special personal protective equipment:	Use suitable protective clothing
Respiratory:	Use approved face mask.
Eyes:	Use safety goggles.
Gloves:	Use plastic gloves

### Section 9. Physical and Chemical Properties

General information	
Appearance:	Pink powder
Vapour pressure:	N/A
Relative density:	N/A
Melting point:	Decomposes with charring
Molecular weight:	Approx. 5000-500000 Dalton
Flash point:	N/A
Solubility in water:	> 50% by weight

### Section 10. Stability and Reactivity

Stability (normal conditions):	Stable for more than 6 years when stored dry in well-sealed containers at ambient temperature.
Conditions to avoid:	High humidity; high temperatures (>60°C)
Incompatibility:	Avoid contact with oxidizing agent (e.g. nitric acid, permanganates).
Hazardous decomposition products:	Thermal decomposition may yield oxides of carbon, nitrogen and sulfur.

### Section 11. Toxicological information

Toxicity information:	No information available.
LD50:	No information available.

### Section 12. Ecological information

No information available. However dextran itself is biodegradable.

### Section 13. Disposal Recommendations

Collect material taking precautions to minimize dust. Use wet mop. Place collected material in suitable container for disposal. Flush area with water and drain into sewer. Large quantities may be incinerated.

### Section 14. Transport information

EEC:	Not listed
Dangerous goods:	Not restricted
EINECS:	Not listed

### Section 15. Regulatory information

S22: Avoid inhalation of dust.

### Section 16. Other information

Revision number 01

Revision date: 2017-06-12

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions.

It does not represent any guarantee of the properties of the product. TdB Consultancy AB shall not be held liable for any damage resulting from handling or from contact with the above product.
